

# The user satisfaction evaluation questionnaire

You can use this tool to help you think about the assistive technology you are using.

## What is the user satisfaction evaluation questionnaire?

The user satisfaction evaluation questionnaire is a survey with 6 questions. You are asked to answer questions about assistive technology you are using, such as if you:

- found it easy to use
- have found it helpful.

For each question, you are asked to use this scale to choose your answer:

Not at all Very much

1 2 3 4 5

Your answers to these questions can help you see what:

- is working well
- needs to be better.

## How long will it take to answer all the questions?

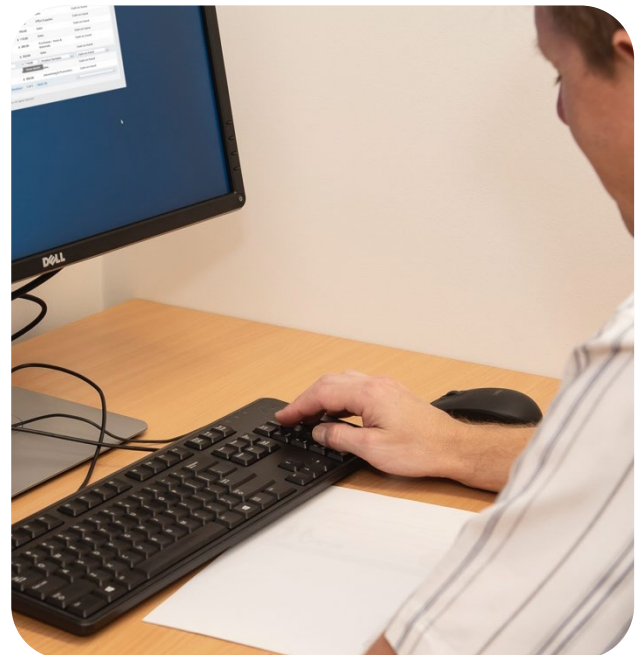

It will take you around 3 to 5 minutes to answer all the questions on the user satisfaction evaluation questionnaire.

## How do I get more information on the user satisfaction evaluation questionnaire?

[You can find more information about the user satisfaction evaluation questionnaire here.](#)

## How do I download the user satisfaction evaluation questionnaire?

[You can download the 6 questions of the user satisfaction evaluation questionnaire here.](#) The 6 questions are available under the heading 'USEQ: Questions'.
